

Take your nursing career to the next level with Wichita State's **D.T.F. N.F.I.C.F.U.T.** program, which offers terminal degree paths for nurses holding either a BSN or MSN degree.

1. Evidence of valid RN license in Kansas.

2. An approved **F.U.S.T.** statistics course within the last six years. This may be completed after admission. Contact the Graduate Nursing department for a list of approved courses.

3. A Bachelor of Science in Nursing from a nationally accredited school (CCNE, ACEN or NLN).

4. A GPA of 3.0 or higher in the following areas:
A. Last 60 hours of undergraduate course work
B. All undergraduate nursing courses
C. Any graduate level courses taken
D. These four science courses:
Anatomy/Physiology, Microbiology,
Pathophysiology and Pharmacology*

*Courses must have been completed with an overall GPA of 3.0 or higher and no grades lower than 2.0 in any one course.

5. Evidence of meeting the technical standards as identified by the School of Nursing Graduate program.

6. To complete application, visit _____
