## Introduction

# I. INTRODUCTION

## 1. Background

The National Institute of Food and Agriculture (NIFA) is an agency within the U.S. Department of Agriculture (USDA), part of the executive branch of the Federal Government. Congress created NIFA through the Food, Conservation, and Energy Act of 2008. NIFA replaced the former Cooperative State Research, Education, and Extension Service (CSREES), which had been in existence since 1994.

## 2. Purpose and Scope

This instruction document is intended to assist applicants in the preparation and submission of applications to NIFA. It is also the primary document for use in preparation of applications via Grants.gov. Where appropriate, relevant sections of the Grants.gov User Guide have been incorporated by reference.

## 3. Intended Audience

Individuals, organizations, etc. that meet the eligibility requirements of a NIFA funding opportunity and are interested in submitting an application to NIFA in response to a funding opportunity.

## 4. Document Symbols

The following symbols are used throughout this document to highlight information that is of particular interest or importance:

 This symbol indicates NIFA-specific instructions.

 This symbol represents a link to an important reference material.

**\*** This symbol represents a required field. Required fields in application forms are further indicated by a yellow highlight.

## 5. Referenced Documents

### 5.1 NIFA Funding Opportunity

A NIFA Funding Opportunity (e.g., request for applications) provides information specific to an opportunity for funding through NIFA. A request for applications (RFA) includes, among other things, eligibility information and guidance for the preparation of applications for submission to NIFA. NIFA makes active funding opportunities available via Grants.gov (

### III. NIFA-SPECIFIC INSTRUCTIONS FOR SUBMISSION VIA GRANTS.GOV

#### 1. Comments on NIFA Instructions

To submit comments to NIFA regarding the content of the NIFA Grants.gov Application Guide send an e-mail to: [RFP-OEP@nifa.usda.gov](mailto:RFP-OEP@nifa.usda.gov) (this e-mail address is intended only for receiving comments). Please include “NIFA Grants.gov Application Guide” in the subject line of the e-mail and detailed information regarding the comment.

#### 2. Components of a NIFA Application

The documents listed in Table 1 are components that may be part of a NIFA application. The Grants.gov Application Package for the funding opportunity will identify which forms are required (must be submitted to NIFA as part of the application) and which one(s), if any, are optional (may, as necessary, be submitted to NIFA as part of the application). Detailed instructions for completing the documents can be found on the page indicated in the table.

#### 3. Conformance with Application Preparation Requirements

It is imperative that all applications conform to the application preparation and submission instructions. All attachments to an application **must** comply with NIFA font, spacing and margin requirements **and MUST be in pdf** (portable document format) (see Part III., 3.1) **otherwise the application is at risk of being excluded from NIFA consideration or handled otherwise.** Please note that a NIFA RFA may include specific requirements; therefore, it is critical to pay particular attention to any related language in the RFA. NIFA may exclude from consideration applications that are not consistent with these instructions or those included in the applicable RFA.

## NIFA-Specific Instructions for Submission via Grants.gov

### 3.1 Attachments (Required to be in pdf)

- A. Attachments to an application should be a typed or word processed document using no type smaller than 12 point font regardless of line spacing with at least one-inch margins. Each page of an attachment should be numbered sequentially. These specifications apply unless noted otherwise in a request for applications (RFA). If a page limitation applies to a specific attachment it too will be noted in this Guide or the RFA.
- B. For attachments to electronic applications NIFA **REQUIRES** the attachments to be in **portable document format (pdf)**. Using pdf format allows applicants to preserve the formatting of their documents. In order to save a document as a pdf, the applicant will need to use pdf generator software. Grants.gov has published the following web page on tools and software that the applicant can use:

Tools and software the applicant can use for portable document format:

[http://www.grants.gov/help/download\\_software.jsp#pdf\\_conversion\\_programs](http://www.grants.gov/help/download_software.jsp#pdf_conversion_programs)

**ANY APPLICATIONS NIFA RECEIVES CONTAINING NON-PDF DOCUMENTS ATTACHED ARE AT RISK OF BEING EXCLUDED FROM NIFA CONSIDERATION.**  
**Partial applications will be excluded from consideration.**

**ATTENTION:** There is a paper clip icon on the left side of the page in every application. Do NOT attach documents with this function. If you attach documents under this function your application will be incomplete and cause errors.

## 4. Submission of Same Application to Multiple Agencies

Concurrent submission of an application to other organizations for simultaneous consideration will not prejudice its review.

## 5. Submission of an Application for NIFA Review

An application may be submitted only once to NIFA. The submission of duplicate or substantially similar applications concurrently for review by more than one program will result in the exclusion of the redundant applications from NIFA consideration.

## 6. Application Status

### 6.1 Grants.gov Application Status

Within two days of submitting a grant application, Grants.gov will send two email messages to the applicant:

- The first will confirm receipt of the application by the Grants.gov system.
- The second will indicate that the application has either been successfully validated by the system prior to transmission to the grantor agency OR has been rejected due to errors.
-

**NIFA-Specific Instructions for Submission via Grants.gov**

**7.3 Application File Update – Post Submission**

Applications submitted through Grants.gov are considered official submissions to the Federal government. Applicants wishing to change or correct a previously submitted application should immediately contact the appropriate NIFA agency contact that is identified in the applicable RFA.

## IV. GRANT APPLICATION PACKAGE INSTRUCTIONS

### 1. Grant Application Package

A Grant Application Package is tied to a particular funding opportunity. Applications prepared using the Grant Application Package may ONLY be submitted to the particular funding opportunity to which the Grant Application is associated. In other words, an application prepared using a Grant Application Package **may not** be submitted to a different funding opportunity; one must access the Grant Application Package associated with said funding opportunity and prepare and submit the application to that funding opportunity.

#### 1.1 Verify Grant Information

Verify that the information shown corresponds to the grant for which the applicant wishes to apply. Grants.gov will auto-populate the following information:

- Opportunity Number
- Competition ID (NIFA does not utilize this field, therefore, no information will be pre-populated in the field; the field will be blank. Do not enter any information in the field.)

**2.20 Enter Pre-Application (Field 20 on the Form)**

If submitting a pre-application, provide a summary description of the project in accordance with the announcement and/or agency-specific instructions and attach here.

Infrequently, a NIFA funding opportunity will require or request submission of a preliminary application in advance of submission of a full application. The two predominant reasons for requiring submission of a preliminary application are to:

- Reduce the applicant's unnecessary effort in application preparation when the chance of success is very small. This is particularly true of exploratory initiatives where the community senses that a major new direction is being identified, or competitions that will result in a small number of actual awards; and
- Increase the overall quality of the full submission.

The NIFA RFA will specify the content and submission requirements in Section V.A of the RFA when preliminary applications are to be utilized. Note that a pre-application is not the same as a Letter of Intent which NIFA, in some cases, may utilize. The RFA will state when a pre-application or a Letter of Intent is to be submitted, if appropriate; the RFA will remain silent if the items are not utilized.

**2.21 Attach an Additional List of Project Congressional Districts if needed (Field 21 on the Form)**
