Duane Bosley is a senior systems administrator with AgVantis in Wichita. Bosley received a Bachelor of Arts degree in Spanish and a Bachelor of General Studies degree with emphasis in sociology, minority studies and art in 1994 from Wichita State. In 1999, he earned a Microso Certi ed Systems Engineer certi cation, which helped launch his career.

Over the years, Bosley has found that the ability to connect with people and build quality professional relationships improves communication between colleagues and increases professional ful llment. He participated as a student with Upward Bound Wichita Prep from 1985 to 1988 and then as a sta member from 1988 to 1990.

Student Support Services was an invaluable support system during his college years. Bosley is currently working towards VMware Certi ed Professional and Amazon Web Service Certi ed Cloud Practitioner certi cations.

Bosley thoroughly enjoyed his time while a participant in the TRIO programs. He is appreciative of the program
